ABSENCES FROM SCHOOL

When a student is absent from school, a code is entered into the computer recording:-

- Whether the school has been notified
- Whether a doctor's certificate has been sent
- What the explanation for the absence is

If after 3 days absence, the school has not been notified, the school is then required to contact the parent or caregiver and seek an explanation for the absence. Where possible, you are requested to telephone the school on **8281 2199** and explain your child's absence. A message will be given to your child's class teacher.

When a student is late for school, an entry is also made in the Class Roll. We seek your cooperation in making sure that all students arrive at school before 8.50 am, lateness is also recorded each day. When a student is continually late, a report will be made to the school attendance counsellor.

For students to make a real success of their schooling, it is vital that they are at school on time daily to be involved in their daily learning.

CANTEEN

The School canteen operates daily – Before School (for lunch orders), at Recess and Lunch times.

A Canteen Price List will be sent home at the commencement of each year and updated periodically. Bags for ordering lunches are available at the Canteen. When ordering lunches, please label bags clearly with:-

Child's Name Room Number Teacher's Name Year Level

Lunch Orders must be taken to the Canteen **before** school. Correct money would be appreciated. Assistance to complete lunch orders will be provided by the Canteen Volunteers.

Lunch orders can also be ordered on the free school canteen app-QKR, which can be downloaded on your phone.

An Internet Users Agreement form needs to be completed and signed for each student on enrolment.

EMERGENCY CONTACT CARDS

Emergency Contact information is kept in the Front Office for each child in the school.

The information includs –

- Name, Address, Home Phone Number
- Year Level, Class Teacher
- Names of Parents/Caregivers with work/alternate phone numbers
- Names and phone numbers of **three other** contacts should Parents/Caregivers not be contactable during school hours, in an emergency eg, a child becoming ill or injured at school
- Details of any medical condition, allergy etc, and appropriate treatments

The school will require the name of your child's doctor and an authorisation for school staff to obtain medical treatment in an emergency.

It is vital that this information is kept up to date and that emergency contacts will enable the school to contact a person nominated by the Parent/Caregiver in the case of an emergency.

For the purpose of duty of care persons not nominated as emergency contacts will not be permitted to collect a student without prior notification.

ENROLMENT OF RECEPTION STUDENTS

From 2014, South Australia will have the same first day of school for all children – the beginning of Term One. Having the same first day of school will ensure that every child is guaranteed four terms of Reception before they go on to the rest of their primary schooling. It will also mean a more stable environment for children with fewer changes to classes throughout the year. Where a child turns five before May 1, they will start school on the first day of Term One of that year. Where a child turns five on or after May 1 they will start school on the first day of Term One the following year. The minimum age for starting school will be four years and eight months from 2014.

FLEXIBILITY WITHIN THE POLICY

In exceptional cases, the length of time that particular children will spend in Junior Primary classes may be varied through discussions between parents, teachers and the Principal. This may apply to children who have special social, emotional, physical or educational needs.

During these formative years and later primary years, teachers work to match the needs of individual children who display a wide range of abilities and maturity and encourage children to take an active role in their learning. They need time to:-

We believe that when children enter school, they bring with them many and varied experiences and a wide range of abilities.

We also believe that children achieve optimum learning when they are given time to explore and experiment in their learning, in a meaningful and constructive manner.

LOST PROPERTY

Please ensure that you label all of your child/ren's belongings. This includes all clothing items as well as learning resources. Labeled items can then be easily returned to their owners.

Lost property is stored in the courtyard. Please enquire at the School Office. The Lost Property will be cleared out on a regular basis and unclaimed items will be donated to a charitable organisation.

The Pines School SunSmart Policy

Policy Rationale

We know that excessive UV exposure can cause skin damage and lead to skin cancer. School-aged children receive an hour of direct sunlight daily on average. Regular use of sunscreen, hats and protective clothing has been proven to reduce the risk of skin cancer in both the short and long term.

It is our responsibility to educate students and provide a safe environment for our children. Proactive staff can encourage our students to take appropriate and effective skin-protection measures. Our aim is for our students to participate in safe outdoor activity both at school and home, using the SunSmart message as a guide to good skin care.

The sun's UV radiation is both a major cause of skin cancer and the best natural source of vitamin D. Vitamin D is important for strong bones, healthy muscles and general health. When UV levels are 3 or higher most people need just a few minutes of sun in the morning and/or afternoon to get a sufficient amount of vitamin D. Individuals should be sun-smart between the hours of 11am and 3pm. When UV levels fall below 3, children need around 2 to 3 hours of direct sunlight each week.

The purpose of this policy is to:

- Promote positive attitudes towards skin protection.
- Provide all children protection from sun damage.
- Encourage education and personal responsibility for skin protection.
- Promote positive attitudes towards skin protection.

Skin Protection Strategies

Cancer Council recommends that a combination of sun protection is used when UV levels reach 3 and above. Our school will consistently implement the following strategies from 1 September – 30 April and any other time when UV rating is 3 and above:

Clothing

- It is recommended by the Cancer Council that clothing should cover shoulders, arms and protect the back of the neck when UV levels are 3 and above.
- Our school uniform includes collared shirts with elbow length sleeves and pants/longer style shorts to provide students with adequate protection from the sun when outdoors. Singlets are not permitted.

Hat Policy

- It is compulsory for students to wear a hat outdoors between 8.50am and 3pm. This includes fitness, PE, yard play, excursions and any activity that is based outside.
- We recommend that children wear a broadbrimmed or legionnaire hat. Caps are not permitted.
- Parents and children are responsible for providing and naming a hat.
- Broad-brimmed hats can be purchased at the Front Office.
- Children are advised not to share hats for health risks (eg, head lice).
- If students do not have appropriate hats, they will be required to remain under the shaded area in front of the GLA Building. Parents will be contacted if a child consistently does not wear an appropriate hat.

The Pines School SunSmart Policy (Continued)

Sunscreen Policy

- Parents are encouraged to apply a high rating broadspectrum, water resistant sunscreen (SP30+) before school.

At lunchtime the Hot Weather buddy system becomes effective to release staff. As all classrooms are air-conditioned, students are to be supervised within the classrooms.

Dress Code Policy

1- BACKGROUND

In accordance with the Education Regulation 189A of the Administrative Instructions and Guidelines, Governing Councils are authorized to determine the School Dress Policy.

2- RATIONALE

We believe that a school dress code:

- Contributes to whole school unity and pride.
- Develops individual self-esteem through the feeling of 'belonging'.
- Contributes to the development of a supportive school environment by reducing levels of competitive dressing.
- Supports social justice initiatives by relieving parents and students of pressures to purchase high cost brand name clothing.
- Develops a positive image of The Pines School in the wider community.
- Assists staff in identifying strangers in the school grounds and therefore enables staff to ensure a greater level of safety for students.
- Assists in identifying students during excursions.
- Maintains sufficient choice for individuals.

3- IMPLEMENTATION

Parents/Caregivers of all students attending The Pines School are responsible for their child(ren) wearing colour coded, acceptable items of clothing to school and excursions.

We will continue to:

- Have a Year 7 top
- Support the "No hat No play" policy (no hat-play in shaded area)
- Acknowledge students wearing school colours at assemblies and in the newsletter.

It is recommended that those girls wearing skirts or dresses wear bike shorts, sports pants or leggings underneath. This will avoid embarrassment when they participate in physical education and play on equipment.

- Approved school hats and some clothing items are available for purchase at the Front Office.
- Clothing should be clearly labelled, thus reducing the amount of unclaimed lost property.
- Students must wear footwear that enables them to actively participate in all aspects of our Physical Education and Daily Fitness programs.

3- CONSEQUENCES

- If a student is unable to comply with the dress code for a short period of time (1-2 days), a note of explanation from the parent needs to be sent to the class teacher.
- It is compulsory to wear an approved school hat all year round. At play times, any child who is not wearing a hat will need to play in a shaded area. Parents will be contacted if it is noted the student has not had a hat for more than 2-3 days.
- A supply of dress code items will be kept in the Front Office. Students not in dress code will be asked to change into these at the beginning of the day and then back into their own clothes at the end of the day.
- Students who regularly fail to comply with the Dress Code Policy will be given a note to be sent home.

INFORMATION ABOUT MATERIALS AND SERVICES CHARGES

The Government has set a standard Materials and Services Charge for all Primary Schools. School Council can choose to set fees above this level. At The Pines School we set this fee aiming to keep the cost minimal for our families but at the same time, to enable us to offer quality teaching programs and resources. The school relies on the payment of fees from parents to ensure we can maintain a high standard of programs & equipment over and above that which is provided by the government.

PAYMENT OF FEES

Payment can be made at the Front Office between 8:30 a.m. and 3:30 p.m.

Parents can pay by Bankcard, Visa, MasterCard, Eftpos, Cheque or Cash or QKR

Please note it is essential for all families to make payment of Material and Services charges. An Arrangement for part payment can be made at the front office. If you are eligible for School Card, application forms needs to be collected from the office A.S.A.P

The Pines Schools will always seek to recover unpaid Materials and Services Charges through personal consultation and negotiation. Where this is not successful the school shall engage DECD recovery team to recover any Material and Services Charges which remain unpaid.

SCHOOL CARD

What is School Card?

IT IS IMPORTANT THAT YOU APPROACH THE SCHOOL IF YOU BELIEVE YOU ARE ELIGIBLE FOR SCHOOL CARD. YOU NEED TO COMPLETE THIS APPLICATION EACH YEAR.

The School Card Scheme provides assistance for educational expenses for full-time students of lowincome families. Approval for School Card will be dependent upon proof of family income not exceeding the limits. Application to be filled in and left at school office in Febuarary each year.

The procedure for applying for School Card is as follows:

If you hold a current Pension card or Health Care Card issued by Centrelink, and meet the income criteria set by School Card, please bring the card with you when you come to fill in your School Card Application.

It is most important that if you believe you are eligible for School Card you make contact with the school. The process is a simple one and allows the school to gain funds from the Department on your behalf and at the same time allows you to benefit from the concession.

School Card needs to be applied for each year for each child.

If you require further information regarding your child's school fees for 2017 please contact the Front Office on **8281 2199**.

Vacation Care & Pupil Free Days

Vacation Care is offered every school holidays, usually only closing for Public Holidays and a break for the week between Christmas and New Years each year.

During this time we offer a wide variety of excursions, usually 3 per week depending on weather, and other creative activities. Our program is very active and caters for children aged 5 to 12 years.

Some of the excursions offered include swimming, movies, laser skirmish, Adelaide Zoo, rock climbing, sumo suits, cinemas and many, many more.

The Vacation Care Program and booking form is available Friday of week 5 every term. As we are limited to 105 CCB places per day it is best to get booking forms in early to avoid disappointment.

Pupil Free Days (PFD) are offered in a similar fashion to Vacation Care, Activities include excursions, special lunches or a variety of entertaining activities. Parents should book into these days as soon as they are aware of the Pupil Free Day dates because places fill quickly.

We realise that PFD and Vacation Care is often the only time children have time off school, therefore we aim to make these times as stimulating and exciting as possible..

Starting school Parent Easy Guide 48

Starting school is an exciting time of change for children and families. There are many things you can do to prepare for the changes. Helping children to feel confident and positive about school will give them a good start.

A time of change

When children start school, they have a lot to get used to. They will be in a new setting, with more children and new rules and routines. Some children will manage this easily while others may need more help from parents and teachers.

When will my child start school?

Children in South Australia must be enrolled in primary school by their sixth birthday. Most children will attend preschool or childcare in the year before starting school.

From 2014, government schools will have one intake of children at the start of each year. Children turning five before May 1 will start at the beginning of term one in that year and children turning five on or after May 1 will start at the beginning of the following year. Check intake arrangements with your child's school.

Orientation to school

Many schools, preschools and childcare centres help children during their transition to school. They arrange programs which may include:

- > visits to the school over several weeks
- > walks around the school to see where things are, e.g. playgrounds, toilets
- > spending time in a classroom with teachers and other children.

There may be time for parents to meet staff members and ask questions too.

There is a lot for children to get used to when they start school. Some will adapt more easily than others.

Building confidence

There are things parents can do to help children feel confident and optimistic about starting school. You could talk with them about what school will be like. Borrow books from the library with positive stories about starting school. Maybe share some happy stories from your own school days.

Parents can also help children to build confidence and optimism by encouraging a habit of positive thinking. Asking children to tell you about the good things that happen each day helps develop this healthy habit.

Getting ready

To prepare children for school you could:

- > involve your child in preparing for school, e.g. shopping for their uniform, school bag and lunch box. Make sure they can manage their lunchbox and school bag
- > plan for healthy lunches, snacks and water to drink
- > help your child learn to dress themselves, and to use the toilet on their own
- > establish the bedtime and morning routine that they will have when they start school. It is very important that they get enough sleep
- > practice the route you will take when you walk, drive or ride to school
- > plan to take your child to school on the first day. Show them where you will pick them up at the end of the day. Make sure you are always on time. A few minutes can seem like a long time to a young child.

If your child is worried, ask them what would help, e.g. who should take them to school, where they want to say goodbye, what they want to do after school. Having some control can help children manage their fears.

Relax! If you are stressed, your child may sense this and worry too.

Helping parents be their best

Working with your school

It is important for parents and teachers to work together and communicate well. It can help if you:

- > let the teacher know if there is something happening at home that may be affecting your child
- > let them know about any health problems your child may have
- > read all the school notices and reply as soon as possible
- > get involved in school activities, e.g. listen to children's reading if you can.

Make an appointment to see the teacher if you are concerned about your child.

Children do best at school when their parents and teachers work together to support them.

The first few weeks

As your child settles in to school:

- > they may be tired at the end of the day. Don't plan too many after-school activities; make sure they have time to rest and for free play
- > they may be 'starving' after school. Take a healthy snack when you pick them up. Try giving them an early dinner as they may be too tired to eat later
- > they may want to tell you all about their day as soon as they see you. Be available to listen. Some children may want to relax first
- > encourage them to talk about good things that happen at school
- > make reading with them part of your daily routine. Bedtime stories are a great way to end the day.

Some children wet their pants at school, which can embarrass them. Reassure them that it often happens and is nothing to worry about. Encourage them to tell the teacher. Pack spare clothing in the bottom of their bag.

If your child is stressed

Children can show stress by:

- > being tearful
- > not wanting to go to school
- > having tummy aches or headaches.
- You could help by:
- > encouraging them to talk about what's worrying them
- > letting them know that you are confident they can manage
- > asking what they think would help them.

If the worries continue, talk to the teacher about the best way to help them.
